

A project of the Eden Mills Millpond Conservation Association Inc.

Newsletter #3 November 17, 2007 The Project is Launched!

Thank you all!

Thanks first to the audience. Last Thursday's overflowing attendance at the Hall for the launch of the Village's project to "Go Carbon Neutral" showed how crucial and timely this undertaking is. The immediate and enthusiastic response from the members of the community has buoyed our spirits beyond measure.

Thanks also to all the people who made the launch happen. This is a volunteer project. Eden Mills is rich in people of all ages (special thanks to 4-year-old Juliet) who bring extraordinary skills, reliability and energy into the volunteer arena, and who are determined to see results. They made the Launch a memorable event!

And, finally, thank you to all the donors, many of them Eden Mills citizens, who have laid the foundation for this project, permitting us to get rolling.

If you have not yet seen Rebecca Ring's excellent article on the Launch in the New Tanner, you will find it on the website. Almost like being there! Chris Daponte of the Wellington Advertiser has also written a detailed description of the event.

Eden Mills is now officially in the process of going carbon neutral.

We would like to encourage you, first and foremost to sign up to have your household footprint measured so that we can establish our village footprint and begin the process of measuring our progress. For information, please call: Linda Melnick at 856-1658

We would also like to remind you of the areas needing additional volunteers and participants. The team leaders will be able to tell you how you can help. Please call!

- | | | |
|-----------------|-----------------|----------|
| o Car Pooling | Jack Darmon | 856-0588 |
| o Local Food | Louisa McCarley | 856-1658 |
| o Tree Planting | Kit Bresnahan | 856-1188 |
| o Green Power | Charles Simon | 856-9921 |
| o Youth Group | Robin Bresnahan | 856-1188 |
| o Conservation | Glenn Little | 856-1573 |

We shall be developing the website so that it becomes a useful tool and source for information on how you can change your own carbon footprint and what is underway on the village front. Keep an eye on it!

If you missed the Launch, or missed our sign-up list at the launch, and you wish to be on the Carbon Neutral mailing list for future updates, please send us your name and e-mail address (or mailing address if you do not use the internet.)

With our great appreciation, which is not neutral, recycled, or reduced --

Charles and Anna
