And explore a whole
new 'going carbon neutral' world!

Second:

**Don't miss the next exciting
Going Carbon Neutral Event!**

**“What makes the kind of community we would like to live in?”
*An Informal Conversation Café***

On Thursday, May 7th the residents of Eden Mills and surrounding area are invited to join in a unique “Community Conversation” hosted by the Eden Mills Going Carbon Neutral Project.

The café concept brings people together very casually in small groups to discuss our stories and vision of great communities. A special guest, Jean Robertson, will show us how this works. Joining into the conversations will be Mayor Chris White and Hugh MacLeod, Associate Deputy Minister, Climate Change Secretariat. Watch for more details in the next newsletter!

Thursday, May 7, 2009 7 pm

Music and refreshments!
