2009 FOOTPRINT SURVEY -- **CELEBRATION DINNER!!**

All residents and families of Eden Mills Welcome!
No charge – No potluck!

A great way to share a relaxing Sunday dinner! We're going to have a party to celebrate the completion of the 2009 emissions survey. We're also going to hear and celebrate some of the stories of Eden Mills residents who have made changes in their lives to reduce carbon emissions while saving money and are excited to share their news with everyone about the benefits of looking at energy use a little differently.

BUT, the important thing about a party is the fun!

Delicious Food prepared by *Jun Baietti and Robin Coull*
with the assistance of many volunteers!

Great beer provided by *Wellington Brewery!*

Good company of your neighbours!

And more!!
